## **CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA**

This compilation containing the Finance Accounts of the Government of Maharashtra for the year 2005-2006 presents the accounts of receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. According to the best of my information, as a result of audit of these accounts, the accounts now presented read with the observations in this compilation, are correct statements of receipts and outgoings of the Government of Maharashtra for the year 2005-2006. Points of interest arising out of the study of these accounts as well as test audit conducted during the year or earlier years are contained in my Report(s) being presented separately for the year ended 31st March 2006, Government of Maharashtra.

New Delhi,  
The 27-SEP-2006

**( Vijayendra N. Kaul )**  
**Comptroller and Auditor General of India**

# I N T R O D U C T O R Y

1. The accounts of Government of Maharashtra are kept in the following three parts:-

**Part I - Consolidated Fund;**

**Part II- Contingency Fund;**

**Part III - Public Account.**

In part I, namely Consolidated Fund, there are two main divisions, viz. :-

**I. Revenue** - consisting of sections for 'Receipt heads (Revenue Account)' and 'Expenditure heads (Revenue Account)';

**II. Capital, Public Debt, Loans, etc.** - consisting of sections for 'Receipt head (Capital Account)' 'Expenditure heads (Capital Account)' and 'Public Debt, Loans and Advances, etc'.

The Revenue division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

In Capital division, the section 'Receipt Head (Capital Account)' deals with receipts of capital nature which cannot be applied as a set-off to capital expenditure.

The section 'Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a capital nature intended to be applied as a set-off against expenditure.

The section 'Public Debt, Loans and Advances, etc,' comprises loans raised and their repayments by Government such as 'Internal Debt' and 'Loans and Advances' made (and their recoveries) by Government. This section also includes certain special types of heads for transactions relating to Appropriation to the 'Contingency Fund' and 'Inter-State Settlement'.

In Part II, namely Contingency Fund of the accounts, the transaction connected with the Contingency Fund established under Article 267 of the Constitution of India are recorded.

In Part III, namely Public Account the transactions relating to 'Debt' (other than those included in Part-I), 'Deposits', 'Advances', 'Remittances' and 'Suspense' are recorded. The transactions under 'Debt', 'Deposits' and 'Advances' in this part are those in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid together with the repayments of the former ('Debt' and 'Deposits') and the recoveries of the latter ('Advances'). The transactions relating to 'Remittances' and 'Suspense' in this part embrace all merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests, transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

## 2. Sectors and Heads of Accounts

Within each of the sections in Part I mentioned above, the transactions are grouped into sectors such as 'Tax Revenue', 'Non-Tax Revenue' and 'Grants-in-aid and Contributions' for the receipt heads (revenue account) and 'General Services', 'Social Services', 'Economic Services' and 'Grants-in-aid and Contributions' for expenditure heads. Specific functions or services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water Supply, Sanitation, Housing and Urban Development, etc., in respect of Social Services) are grouped in sectors for expenditure heads. In Part III (Public Account) also, the transactions are grouped into sectors such as 'Small Savings', 'Provident Funds', 'Reserve Funds', etc. The sectors are sub-divided into major heads of account. In some cases, the sectors are, in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into sub-major heads in some cases and minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. Apart from the Sectoral and sub-Sectoral classification the Major Heads, Sub-Major Heads, Minor Heads, Sub-Heads, Detailed Heads and Object Heads together constitute a six-tier arrangements of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotments which are adopted by the Government for Demands for Grants presented to the Parliament or Legislature; but in general a certain degree of co-relation is maintained between the Demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objectives of the function represented by the major head. The sub-head represents the scheme, the detailed head the sub-scheme and object head the object level of classification.

### 3. Coding Pattern

#### Major Heads

From 1st April 1987, a four digit code has been allotted to the major heads, the first digit indicating whether the major head is a Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of code for Revenue receipt head is either "0" or "1". Adding 2 to the first digit code of the Revenue Receipt will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; and another 2, the Loan head of Account. For example, for Crop Husbandry code ' 0401' represents the Receipt Head, ' 2401' the Revenue Expenditure head, ' 4401' Capital Outlay head and ' 6401' Loan head.

Such a pattern is, however, not relevant for those departments which are not operating Capital/Loan heads of account e.g., Department of Supply. In a few cases, where receipt and expenditure are not heavy, certain functions have been combined under a single major head, the functions themselves forming sub-major heads under that Major head.

#### Sub-Major Heads.

A two digit code has been allotted, the code starting from ' 01' under each Major Head. Where no sub-major head exists, it is allotted a code ' 00'. The nomenclature 'General' has been allotted Code ' 80' so that even after further sub-major heads are introduced the Code for 'General' will continue to remain the last one.

#### Minor Heads

These have been allotted a three digit code, the codes starting from '001' under each sub-major/major head (where there is no sub-major head). Codes from '001' to '100' and few codes ' 750' to '900' have been reserved for certain standard minor heads. The coding pattern for minor heads has been designed in such a way that in respect of certain minor heads having a common nomenclature under many major/sub-major heads, the same three digit code is adopted as far as possible.

Under this scheme of codification, the receipt major heads (revenue account) are assigned the block numbers from 0020 to 1606, expenditure major heads (revenue account) from 2011 to 3606, expenditure major heads (capital account) from 4046 to 5475, major heads under 'Public Debt' from 6001 to 6004 and those under 'Loans and Advances', ' Inter-State Settlement' and 'Transfer to Contingency Fund' from 6075 to 7999. The code number 4000 has been assigned for Capital receipt major head. The only major head 'Contingency Fund' in Part II "Contingency Fund" has been assigned the code number 8000. The major heads in the Public Account are assigned the code numbers from 8001 to 8999.

4. The transaction included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transaction and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subject to test check by the Indian Audit and Accounts Department.

5. The figure of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands for Grants presented to Legislature and the Appropriation Accounts are for gross expenditure and exclude credits and recoveries which are otherwise taken as reduction of expenditure.

6. As stated in para 3 above, certain changes were effected in structure of classification from 1st April 1987. Besides, adoption of a four digit code as stated therein, there has been some regrouping. The sectors and sub-sectors have been rearranged and in some cases, the major heads have been split up. The progressive balances at the end of 1986-87 have been reclassified in accordance with the revised classification effective from the 1st April 1987 to the extent the information was available with the Accounts Office and Departmental Offices and where such details could not be obtained they have been included in the amounts relating to the closed authorised revised head.

**Taxation changes****3. The following changes were made in the taxation measures during the year :-**

- (i) Different Sales Tax laws were repealed and replaced by new VAT Act. Thus, the existing Bombay Sales Tax Act, the Works Contract Tax Act, the Lease Tax Act, and the Motor Spirit Tax Act were replaced by the Maharashtra Value Added Tax Act, 2002. However, the Sugarcane Purchase Tax Act retained its identity.
  - (ii) Under the new system, threshold turnover limit of registration for the resellers and manufacturers was Rs. 5 lakhs and for importers Rs. 1 lakh.
  - (iii) Sugar, tobacco and textile remained outside the purview of VAT. Foodgrains and pulses continued to be exempted from VAT for the present. The tax rate on liquor and motor spirits remained unchanged. All other commodities were taxed at the standard rate of 12.5%.
  - (iv) For a very limited number of transactions, the input tax credit was partly curtailed. Thus, the input tax credit on manufacture of tax free goods and for goods sent on consignment transfers was allowed only in excess of 4%. There was no input tax rebate on passenger vehicles, on petrol and diesel consumed for whatever purpose and on crude oil used by petrol refineries. Traders were entitled to claim full input tax credit on the goods held in stock by them at the close of business on 31st March 2005.
  - (v) The retailers who sell to numerous consumers were required to pay tax only on difference between their sales and purchases at a flat rate.

**STATEMENT No. 2 - conclud.****(ii) Explanatory Notes**

The return on Government investment in various departmentally managed commercial schemes activities (other than irrigation schemes) will be found in the Audit Report for the year 2005-2006 (Civil) Government of Maharashtra. The financial results of irrigation schemes are given in Statement No. 3(i).

**STATEMENT No. 3****(i)-FINANCIAL RESULTS OF IRRIGATION WORKS 2005-2006**

According to the present classification, the Irrigation Works are divided into "Commercial" and "Non- Commercial". In the administrative accounts of Irrigation Projects, however, the works are categorised as 'Productive' and 'Unproductive', accordingly as the net revenue (gross revenue less working expenses) estimated to be derived from each work on the expiry of ten years from the date of closure of the construction, estimate covers or does not cover, the prescribed annual interest charges on the capital invested.

The State Government revised the criteria for declaration of a scheme as 'Commercial' from 1971-72; according to which the irrigation works satisfying the following conditions are considered as "Commercial":-

- (a) Schemes, completed before 1st April,1951 (i.e. before commencement of the First Five Year Plan) and each costing more than Rs.10 lakhs or irrigating more than 4,000 acres.
- (b) Schemes, the construction of which had been completed after 31st March,1951 and which have been considered as major irrigation schemes or medium irrigation schemes.

The categories of schemes as Major, Medium and Minor are done by the Government of Maharashtra as given below :-

<b>Category</b>	<b>Monetary Limit</b>
1. Major	.. More than Rs.5 Crores.
2. Medium	.. More than Rs.25 lakhs(Rs.30 lakhs in Hilly areas) and not more than Rs.5 Crores.
3. Minor	.. Costing upto Rs.25 lakhs.

In order to ascertain the financial results of Irrigation works, *proforma* accounts known as administrative accounts (which take into accounts indirect receipts, interest charges, etc.) are maintained.

The capital outlay on major works to the end of 2005-2006, their works expenses and revenue receipts from them are shown in the statement at pages 28 and 29.

The revenue receipts of all six schemes shown in the statement were not adequate except Kal-River Project and Bhatsa Project to cover both working expenses and interest on capital outlay.

After meeting the working expenses and interest charges on capital outlay, all the six schemes showed a net profit of Rs.17,22.94 lakhs.

The information regarding arrears in collection of water rates at the end of 2005-2006 was still awaited (July-2006).

**Explanatory Notes**

The significance of the term "Government Account" is explained in note 4 below. The other headings in this summary take into account the balance under all account heads in the Government books where the Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transaction. It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government of Maharashtra as these do not take into account all the physical assets of the State such as lands, buildings, communications, etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by the Government.

**STATEMENT No. 8 - contd.**

2. A summary of receipts, disbursements and balances under heads of accounts relating to Debt, Contingency fund and Public Account is given in Statement No.16 .

In a number of cases, there are unreconciled differences in the closing balances as reported in Statement No. 16 and those shown in the separate registers or other records maintained in the Accounts Office/Departmental Offices for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases the full details and documents required for the purpose are awaited from the Departmental/Treasury Officers, some of these differences are shown below :-

Year	Provident Fund Accounts maintained by departmental Officers (Extent of difference)	Civil Deposits	
		Personal	Public Works
<i>(In thousands of rupees)</i>

	<b>23,59,88</b>	<b>2</b>	<b>1,46,06</b>

The balances are communicated to departmental Offices every year for acceptance thereof. In a large number of cases, such acceptances have not been received.

**3. Adjustments under States' Reorganisation Act, 1956 and Bombay Reorganisation Act, 1960 :-**

As a result of the reorganisation of States with effect from 1st November, 1956, the closing balances of the former Bombay State under Debt, Deposit and Remittance heads on 31st October, 1956 were revised according to the provisions of the States' Reorganisation Act, 1956. A part of the balances of the former Bombay State allocable to Mysore and Rajasthan States consequent on the transfer of certain areas to those States were dropped from the balances of the new Bombay State on 1st November, 1956. Likewise, the entire balances of the former Saurashtra State and Kutch ( so far as they related to State subjects) and a part of the balances of the former Madhya Pradesh and Hyderabad States were included in the balances of the new Bombay State on that date (as a result of inclusion of additional areas in the new Bombay State).

Similarly, consequent on bifurcation of the composite Bombay State from 1st May 1960, certain balances allocable to the Gujarat State according to the Bombay Reorganisation Act, 1960 were dropped.

A list of balances of which allocation has not been finalised is given in Appendix II.

**STATEMENT No. 8 - conclud.**

4. **Government Account :-** Under the system of book-keeping followed in Government accounts, the amounts booked under revenue and capital heads and other transactions of Government, the balances of which are not carried from year to year, are closed to a single head called "Government Account" . The balance under this head represents the cumulative result of all such transactions so that after adding thereto the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, etc., Reserve Funds (except to the extent closed to Government Account), Deposits and Advances, Suspense and Miscellaneous (other than Miscellaneous Government Account) , Remittances and Contingency Fund, the closing cash balance at the end of the year may be worked out and proved. The Government Account for 2005-06 given below will show how the net amount at the end of the year has been arrived at :-
